## SUBMIT BIDS AND PLANS FOR NEW COUNTY JAIL

MR. THOM WILL SHORTLY SEND FROM COVINGTON HIS FIGURES AND SKETCHES FOR NEW BASTILE.—W. F. SINKS SUES THE PADUCAH SADDLERY COMPANY FOR \$800 CLAIMED DUE AS SALARY ON CONTRACT—MOODY BOYD INDICTED AT BENTON FOR KILLING BEN CLOISE—ORDERS OF DIFFERENT COURTS.

The fiscal court committee having in hand the question of looking into the proposition for the establishment of a new county jail is expecting a communication shortly from Mr. Thom, of Covington, Ky., who represents a jail building concern. He was here several weeks ago and spent two days with the committee men getting their ideas of what is wanted. He returned home and will send the committee a sketch of an up-to-date jail, showing also what his company will furnish it for to the county authorities.

While he is doing this the committee is also having the architect here to make out the plans and specifications so their ideas can be submitted in detail to the fiscal court and let that body pass on the point whether the character of jail mentioned will be installed and where it will be put. Some of the magistrates favor placing it in the county court house basement and others are opposed to this.

### Sued for Salary.

W. F. Sinks yesterday filed suit in the circuit court against the Paducah Saddlery company for \$800, claimed due for salary. November 1, 1906, the saddlery company entered into a year's contract with Sinks to travel for the company at a monthly salary of \$100. He traveled for four months when the company laid him off, and he now sues for the \$800 due at the rate of \$100 monthly for the remainder of the contracted period.

Shortly after laying off its traveling men the saddlery company went into insolvency.

### Street Estimate.

Thomas Bridges & Sons, contractors, filed suit against L. A. M. Greif for \$134.21 claimed due as the amount Greif owes for the brick street work done in front of his property on the east side of South Third street.

### Clerk's Office.

Eliza Glover has sold to Cornelius Williams for \$150 property in the Massac creek section of the county, the deed being filed with the county clerk yesterday.

The Paducah Furniture Manufacturing company sold to the River Land company for \$4,000 property on Third street beside the old iron furnace.

Ben Weille qualified as administrator of the estate of the late Joseph Vogt.

### Dismissed Grand Jury.

The grand jury at Benton finished all of its business yesterday and was dismissed by Judge Reed, who brought the term of court to a close.

Before adjourning the grand jury indicted Moody Boyd on the charge of killing Ben Cloise. Boyd shot Cloise and the latter went to Tennessee, where he died from the wounds. Boyd surrendered and the grand jury now indicts him. He claims self-defense.

### Bankrupt Court.

Referee Bagby of the bankrupt court yesterday set June 27 as the time for hearing objections, if any exist, as to why a compromise settlement should not be made by the trustee of the E. Rehkopf Saddlery company with the First National bank of Jackson, Tenn., regarding the usurious rate of interest that bank charged the Rehkopf firm for money borrowed. The law permits anyone to recover from a bank that charges a rate of interest higher than allowed by law. The Rehkopf estate claims \$703 from the Jackson bank, and the bank agrees to compromise for \$665.

Yesterday was the date set for the creditors of Frank Parham to meet, file their claims and elect a trustee to take charge of Parham's estate while it is being wound up, but as he has no property from which the creditors could realize, none of them appeared to put in claims and choose the trustee. There being nothing to do the referee leaves the case open for the thirty days required and will then recommend to the judge that Parham be granted his discharge in bankruptcy.

Lawyer Cowper, of Smithland, was allowed a \$12 lawyer's fee in the Jesse D. Foley bankrupt case.

The attorney wanted \$250, but the referee cut it down.

John Rock was selected trustee for the Joseph D. Sowers estate and his bond fixed at \$3,000. About fifteen creditors filed claims against the estate. The trustee has had charge of the property some weeks, and has been selling off the jewelry stock for the benefit of the creditors, of which he is one. He will report to the trustee what the receipts and expenditures have been.

Parties state the dissolute females gather in the restaurant and carouse and carry on pretty much. The chief directed Officers Johnson and Cross on that beat to break up the gathering place and keep order.

## CHAUTAUQUA GETS BETTER WITH EACH NEW FEATURE

"BOUNCING THE BLUES" BY DR KREBS LAST NIGHT MADE EVERYBODY THINK THERE WERE NO SUCH THING AS BLUES—DR. JAMES KIRKEY TOOK LARGE CROWD THROUGH "THE BAREFOOT KINGDOM"—MISS HEMENWAY ORGANIZED CLASS OF 120 BOYS AND GIRLS—MANY ARRIVE TODAY AND TOMORROW.

As the time passes the features at the Chautauque grow better and the crowds larger and there is evidenced the fact that as each day goes by the different events become of a more attractive and impressive nature. For a Saturday attendance yesterday was a record breaker, as in the afternoon hundreds were out to hear Dr. James deliver his popular lecture on "In The Barefoot Kingdom," while last night about 1,500 people were there listening to Dr. Stanley L. Krebs on "Bouncing The Blues." Both speakers seem to get better with each appearance and they are proving strong drawing cards for the Chautauque that is fortunate in securing noted men of such ability and eloquence. They carried their audience along with them and a better satisfied concourse never left a place of amusement than yesterday's crowds.

Yesterday morning Miss Ruth Hemenway organized her physical culture class of boys and girls, while many grown people joined, she commencing the feature with about 120 in her charge. For an hour or two she carried the members through a course of instruction beneficial to the physique and it proved very entertaining and wholesome exercise. This physical culture work being something new here, last year no class was gotten up, but now seeing what it amounts to the children stand ready to join and each day expectations are the class will grow larger, as she cordially invites every boy and girl in the city to join, no charge being made for the instruction, the only condition being that the members all be possessed of season tickets, admitting them to the grounds.

This afternoon Dr. Kirtley delivers a sermon at 2:30 o'clock, and at 3:30 o'clock Miss Hemenway gives her popular reading on Wilson Barrett's "Sign of the Cross." She is a great reader, being heard many times last year and showed herself an entertainer of unusual talent and magnetism, who never fails to draw immense crowds. At 7:30 o'clock this evening Chautauque vespers will be held, while at 8 o'clock Dr. Krebs delivers one of his greatest lectures, "Three Gods or One. None should miss this opportunity as the newspaper notices from over the country note it as one of the strongest and most important sermons ever preached by anybody.

James Speed, the "Nature Study" lecturer who is pronounced the country over as one of the greatest attractions, will get here tonight from Henderson and his first appearance will be tomorrow morning at 10 o'clock when he lectures, while a "Walk Afield" led by him, occurs at 1:30 o'clock in the afternoon.

Mr. Gibson Earl, the caricaturist, comes tonight from Three Rivers, Michigan, and appears for the first time tomorrow night at 7 o'clock.

Rev. Herbert S. Bigelow of Cincinnati, gets here tonight also, and lectures tomorrow afternoon at 2:30 o'clock on "The Power of An Idea," that being the first of his two appearances here.

Miss Dena Metzker of Bloomington, Ill., will get here tomorrow morning, she being the soprano and pianist of the concert company, the other two members of which are already here, Miss Hemenway and Miss Martha Carroll, latter the violinist of Nashville, both have been

home on Jacobs Row, and the funeral services were held at 2:30 o'clock yesterday afternoon by Rev. R. W. Chiles at the home, with interment following at Oak Grove cemetery.

He was 52 years of age and is survived by his parents, Mr. and Mrs. Joseph Woody, two sisters, Mrs. Elizabeth Carnes and Miss Mary Woody, and one brother, Mr. Alex Woody.

### FORMER KENTUCKIAN DROWNED IN HUDSON.

Louisville, June 15.—Louisville relatives of Samuel B. Churchill have received information that he has been drowned in the Hudson river, near New York City. Further than this, and that the body has not been recovered, no particulars of the accident are as yet known here. Mr. Christy W. Churchill, a brother of Samuel Churchill, left last night for New York, but will not arrive there until tonight.

## CHAUTAUQUA GETS BETTER WITH EACH NEW FEATURE

"BOUNCING THE BLUES" BY DR KREBS LAST NIGHT MADE EVERYBODY THINK THERE WERE NO SUCH THING AS BLUES—DR. JAMES KIRKEY TOOK LARGE CROWD THROUGH "THE BAREFOOT KINGDOM"—MISS HEMENWAY ORGANIZED CLASS OF 120 BOYS AND GIRLS—MANY ARRIVE TODAY AND TOMORROW.

here since Thursday. Miss Metzker will be the guest, while here of her musical friend, Miss Caroline Hamm of North Sixth street. The concert company gives its first entertainment at 4 o'clock tomorrow afternoon.

Mrs. Laura G. Fixen, the temperance lecturer, returned to her home in Chicago yesterday after addressing two immense crowds at the auditorium.

Monday night Dr. Krebs will deliver his lecture on the "Psychology Of Salesmanship and Business." This lecture has been delivered in a number of cities at the expense of business organizations for the benefit of themselves and employees. Without exception the speaker of the lecture as well as the heads of business houses. The lecture is spoken of as a masterpiece—the greatest of its kind.

A rumor has been circulating that ex-United States Senator E. W. Carmack would not appear at the Chautauque. Senator Carmack will certainly deliver his celebrated lecture, "The Making of a Man," at the assembly Friday evening, June 21st at 8 o'clock. He is a polished orator and one of the brainy men of the nation. It is thought by many that he will draw a record-breaking crowd.

### GETTING BETTER

Mr. Williams Mather Operated on  
For Appendicitis at Chicago.

Friends in the city will be glad to learn that Mr. William B. Mather, the jeweler, is fast recovering at Chicago from effects of the operation performed on him for appendicitis last week. He was seriously ill for awhile.

He is the well known jeweler formerly of this city, but who has been connected with a large Chicago house for several years. He is the brother-in-law of Miss Zula Cobb, the Broadway milliner.

### GLASS BROKE.

Trimmer of Mrs. A. A. Balsley's  
Came Near Pitching Out Onto  
Sidewalk.

One of the young lady trimmers in Mrs. A. A. Balsley's establishment on Broadway near Fifth street, had a narrow escape from serious injury yesterday afternoon, caused by breaking a large window that she had pressed against.

The trimming department of the millinery store is upon an elevated platform ten feet above the floor, and ending at the large show window in front. Thinking the glass was strong enough to hold her, she pressed against it, and it smashed with a crash, falling to the piece with a loud rattle. The young lady came near pitching head foremost through the opening, but caught on the frame and saved herself serious injury.

### Commencement at Brown.

In the First Baptist Meeting House tomorrow the baccalaureate sermon will be preached by President Faunce. Monday will be class day and on Wednesday the graduating exercises will be held.

## HON. J. P. SMITH DECLINES TO ENTER MAYORALTY RACE

HE ISSUES HIS CARD OF DECLINATION, WHICH SHOWS HE CANNOT SACRIFICE HIS PRIVATE BUSINESS INTERESTS FOR SAKE OF THE OFFICE, AND MR. HARRY HANK HOLDS SAME VIEW—WILLSON FOR GOVERNOR, AND FARLEY FOR STATE TREASURER, WERE THE CONVENTION INSTRUCTIONS—McBROOM FOR LEGISLATURE.

Hon. James P. Smith who has been prominently mentioned as a candidate upon the Republican ticket for mayor, has declined to seek the party nomination account his personal and private business matters engaging his entire time, and he can secure no one to assume control of them. Like he would have to, if he occupied the mayor's chair where all his time would be consumed. His decision not to run was made known publicly yesterday, but his close friends have been cognizant of it for several days, as they have been trying to persuade Mr. Smith to reconsider his determination to remain in private life. He could not find any way in which to accede to their urgent and profuse requests, and in refusing to seek the nomination, issues the following card:

To the Taxpayers of Paducah and Democratic Taxpayers:

Replying to your most complimentary and highly appreciated call, asking me to become a candidate for the office of mayor of the city of Paducah, will say, that a feeling of great interest in the commercial and moral welfare and future of our city, and a desire to be of some material benefit to you as taxpayers, has led me thus far to a serious and careful consideration of the matter, not on a political but a business basis, with the hope that I could arrange my personal interests so that I would be enabled to grant your request, since I am convinced that it is the duty of every citizen to have and to hold that interest in municipal matters, which would lead him to devote a part of his time when solicited, or needed to the care of the city and her people, yet notwithstanding, I have reached this conclusion: that to discharge the duties of the office according to my ideas, and in such a manner as to be of worth to you, as well as credit to myself, would mean no less than a separation of both time and thought from my personal and private interests, and such a sacrifice in justice to myself and family, I cannot make nor consider further.

To the Republican party and my Democratic friends, I desire to extend sincere and grateful thanks for the confidence shown in me, and for the great honor they would do me, which I now formally decline.

Assuring you of my desire to cooperate with you on any move, or measure which would mean a bigger and better Paducah, or be a benefit to her interests or people, I am  
Yours truly,  
J. P. SMITH.

June 14, 1907.

Great pressure is being brought on Alderman Harry Hank to enter the race for the nomination for mayor, but yesterday afternoon he announced that he could not do so, for the same reason that Mr. Smith declined, that his private interests were of such a nature that he could not afford to sacrifice them for the office.

### State Convention Delegates.

The Republican county convention held at the courthouse yesterday afternoon, directed Chairman Frank Boyd to select twenty-four representatives to go to McCracken county to the state Republican convention at Louisville this week, and vote for Augustus E. Willson for governor, and Edward Farley for state treasurer.

The instructions were to this extent only, leaving the delegates to ballot for whom they desired for the other offices.

About 200 negroes, and twenty-five white people were at the convention yesterday, Chairman Frank Boyd of the county Republican committee calling the body to order. When the question of selecting a permanent chairman was taken up, Edward R. Miller, the tobacco inspector, was nominated by C. H. Chamblain, while Dr. Boyd was nominated by Mr. E. B. Bell. On a division being taken, it was shown that Dr. Boyd was made permanent chairman by about two votes to Miller's one. The chairman then called for business and a motion was made that twenty-four delegates be named by the chairman to go to the state gathering at Louisville this week and vote for Willson for governor, and Farley for state treasurer.

On motion Professor George O. McBroom was then nominated as the Republican candidate for the state legislature from McCracken county, he having no opposition.

## RETURN MATCH OF WRESTLERS

SECOND BOUT BE PULLED  
OFF TOMORROW EVENING  
AT HALL.

The Wrestlers' Contest Will Be Preceded by a Boxing Match Between Local Talent.

Preparations are being made to handle a large crowd at the wrestling match in the Eagles Hall tomorrow night. The bout last Wednesday was about as good as one could wish for, and all of the "fans" who were present can be depended on for the return match, accompanied by a host of friends.

It is now about eight years since a grapple match was last seen in Paducah, and the younger generation consequently are uninitiated, however the bout last Wednesday was sufficient to prove that the promoters of this enterprise intend to give the town the best in the game. Both Sandow and Santello are past masters of the art, and while the latter has considerable the best of it in weight Sandow counterbalances him in speed. The work of both men Wednesday night was lightning-like in its rapidity, and each plainly showed an intimate knowledge of the fine points of the sport.

When time is called at 8:30 Monday night each can be depended on to deliver the best he has in the shop, and it is absolutely impossible to risk more than a guess as to which will be the victor.

Arrangements have been made for a boxing preliminary by local men, and the feature should prove an additional drawing card.

## PADUCAH GETS NEXT SESSION

PADUCAH LADIES WERE VICTORIOUS IN THEIR CLAIM.

Mrs. Edmund F. Post Selected Third  
Vice President for the State  
Organization.

All Paducahans are gratified over the work accomplished by the local delegation at Shelbyville, Ky., where they succeeded in capturing the 1908 meeting of the Kentucky Federation of Women's Clubs. Messages from there yesterday showed that the delegates had voted to conduct the next annual convention in this city, and also that Mrs. Edmund Fowler Post had been elected third vice president of the state organization that is a union of all the women's clubs.

Mrs. Robert B. Phillips, Geo. Flournoy, I. D. Wilcox and James A. Rudy returned last night from the Shelbyville gathering, while Mrs. Post comes home today, having stopped over in Louisville for the night with Mrs. Walter Baxter Pace. Miss Helen Lowery stayed at Shelbyville to visit, while Miss Adine Morton, the other Paducah representative remained at Louisville.

The ladies all went away determined to capture the 1908 meeting, and the success of their work is due to their efforts alone and they should feel proud of the success, considering the fact that many other citizens had large delegations in attendance and they all put up a strong claim for the convention.

When success swells a man's head it is warning to his friends of a failure coming.

# Wake Up! There are Many Sound Reasons You Should Buy Everything at This Store

When you buy elsewhere you are working against your interest. Here are four reasons why we sell cheap: 1st. We are not on Broadway. 2nd. We do not sell on credit. 3rd. We buy chiefly from cash manufacturers in large lots. 4th. We are not extra vagrant. We are not on Broadway, we are glad of it. This place suits us. It's on a clean, broad, pleasant thoroughfare, near the business center of the city. This location enables us to conduct business with less than half the expense. We do not sell on credit. Other stores tax cash customers for losses sustained by delinquent credit customers; levies tribute from you to compensate credit losses. We are not extravagant. Do you grasp the meaning of these words and comprehend their close connection with your purse? This is not an extravagant store. Merchandise values are the features foremost here, values that are wholesome and distinctive. Value is the great factor which has made possible here by reason of this store's location and methods of doing business. No retailer buys or sells merchandise more advantageously to the public than this store. ### "Gypsy Tea" for Visitors.

A very delightful outing was enjoyed, when a large number of young people gave an elegant supper at Key's bridge in honor of Miss Mary Byrn's guests of Paducah. They were conveyed to this delightful "Gypsy Tea" resort in a mammoth transfer wagon, and the ride to and from the place was a source of much merriment. Everybody was in best of humor and a jolly good time was had by everybody. The guests of Miss Byrn from Paducah were Misses Norma Judkins, Essie Sisk, Maggie Howell, Messrs. Rodney Thompson, Harry Walker and Artie Harris. Those who attended from here were: Misses Elsie Wallis, Cardia Gillum, Nellie Byrn, Lula Boone, Willie Boone, Mary Byrn, Messrs. John Wallis, Ed Sills, Kirk Byrn, Charlie Bates and Smith Thomas. Mr. and Mrs. Z. T. Long were the chaperones.—Mayfield Messenger.

### Sharp McGlathery.

Brilliant and charming in detail was the marriage Wednesday evening at Humboldt, Tenn., of Miss Ada Sharp of this city, and Mr. James W. McGlathery of Paducah, it being one of the social events of the season for that city and largely attended. The pink and white prevailed at the nuptials that occurred at 9 o'clock the evening mentioned, Rev. E. S. Harris performing the ceremony, at the First Methodist church.

Mrs. Marvin McSwain of Paris, Tenn.; Mrs. Ernest Hamilton of Humboldt; Mr. Bradley Roe of Jackson, Miss.; and Miss Laverne Wright of Jackson, Tenn., had charge of the musical features that were very pretty and consisted of a number of solos before the ceremony. The maid of honor was Miss Angeline Hayes of Jackson, Tenn., and the matron of Evansville yesterday and comes back same city.

The bridesmaids were Miss Foltz and Miss Chinn, of Humboldt; Miss Burrows, of Milan; Miss Mattie Lou McGlathery, of Paducah. The groomsmen: Messrs. Louis Cappell, of Memphis; Leon Williamson, of Jackson; Judge Thomas McCorry, of Jackson; Edward G. Scott, of Paducah. The ushers were: Messrs. J. W. Midyett and I. Q. Warmoth, of Humboldt; Sharp Caldwell, of Trenton, and J. Y. Williamson, of Milan. Mr. Walter Ketchum, of Memphis, was the best man. Misses Louise Sharp and Carrie Belle Gillespie were the flower girls.

The nuptials were followed by the immediate departure of the couple for Niagara Falls, New York and other eastern points on their wedding tour, returning from which they will live in Humboldt, where the groom makes his headquarters, he being vice president and traveling representative of the Stutz Candy company of Paducah. He is the son of Mr. and Mrs. F. M. McGlathery of North Seventh.

Mr. F. M. McGlathery and daughter, Miss Grace, returned here the day following the nuptials, while Misses Lillie Mae and Mattie Lou McGlathery stopped at Dresden, Tenn., for a visit.

### For Fair Visitor.

Miss Laura January, of Missouri, was the honored guest for a five hundred party given Tuesday morning by Mrs. David L. Van Culin at her apartments in the Scott flats on Seventh and Broadway. The suite of rooms were tastefully decorated with sweet peas, and for the game the prize of a handsome embroidered skirt waist was taken by Mrs. Chas. B. Richardson, who presented it to Mrs. Franklin B. Leavitt, of St. Louis. Miss January was presented with a pretty set of ribbon bookmarks. A dainty luncheon was served after the game.

### Parents' Reception.

The teachers of the primary department for the First Baptist church Sunday school tendered a reception to the parents of the scholars Tuesday afternoon at the church and it was a general social gathering of much pleasure. An informal musical program was rendered and the teachers and parents talked over the work of the children in that department and object of the gatherings being to bring the mothers and fathers in closer touch with the Sunday school studies of the little ones. The parents were interested deeply and this will result in better work by the boys and girls.

Dainty refreshments were served during the afternoon to the many present.

### Reception for Visitors.

Mrs. W. G. Whitefield, Miss Kathleen Whitefield and Miss Birdie Woolfolk, of Seventh and Kentucky avenue, entertained with a reception from 5 to 6 o'clock Wednesday afternoon, complimentary to Miss Ruth Hemenway, of Evanston, Ill.; Misses Alice and Martha Carroll, of Nashville, Tenn., who are guests of the hostesses.

White roses, sweet peas and carnations were used with effect in the decorations for the reception hall and dining room, while crimped tissue paper drooping from the overhead chandelier added to the beauty of the occasion.

Many called during the afternoon and greeted the charming visitors. Punch was served in the library, while in the dining hall dainty ices in pink and white were partaken of.

### Married at Louisville.

Miss Lydia Christina Meyer, of Louisville, and Mr. August Thiering, of this city, were united in wedlock Wednesday morning at the Falls City, and immediately thereafter they departed for a short bridal tour, from which they return today. And will reside at 1310 South Ninth streets.

A pretty and talented girl is the popular bride, who is the daughter of Mr. Henry Meyer, for years superintendent of the gas plant here, before going to Louisville. Mr. Thiering is the sterling attaché of the Hank Brothers hardware establishment.

### Left for Nuptials.

Mr. and Mrs. W. J. Hills, Misses Blanche and Elizabeth Hills, and Master Walter Hills left last night for Lapeer, Mich., to attend the wedding next Wednesday of Mr. Hills' sister, Miss Mabel Hills, to Mr. Henry LeBryan. Mr. Hills will give the bride away, while Miss Blanche Hills will be the maid of honor. Before returning the Hills family will visit in a number of northern cities.

### Reading Circle.

Mrs. John McCreary, of Harahan boulevard, had the Catholic Reading Circle to meet with her Tuesday afternoon, it being the final gathering of the season and the ladies spent an enjoyable time.

The ladies decided on what books they will study next year, their policy being for each to take a volume, read it one month, then meet and exchange upon what they studied during the preceding four weeks.

### Graduates With Honors.

Miss Mabel Weeks of this city has just graduated from the Kentucky University at Lexington with the bachelor of arts degree, while her general average was so high that she was among the first honor students of that educational institution. She is a beautiful and talented girl daughter of the late John Weeks, and niece of Mrs. Frank B. Smith and Mrs. Sarah Weeks, of this city.

### Church Entertainments.

The Broadway Methodist church was filled with interested people

Tuesday evening attending the charming musical, introducing Miss Genela Ballowe, young but very talented, and who proved an entertainer of unusual merit. The programme was very attractive and consisted of numbers by the following: Misses Rosalie Warfield, Caroline Ham, Zola Farnsley, Lucette Soule, Iva Berry, Mr. Richard Scott and Master Bernard Kavanagh.

The Church Furnishing Society of the First Christian church entertained with a concert Tuesday evening, Mesdames Ira Covert and R. E. Jones being in charge. The city's most appreciated music talent assisted in the affair, those on the programme being Misses Adah Brazleton, Caroline Ham, Aline Bagby, Anne Bradshaw, Mayme Dreyfuss, Harvey Amoss, of Cobb, Ky.; Messrs. Will Reddick, Emmett Bagby, Will Brazleton, Richard Scott, Mrs. Geo. B. Hart and Master Bernard Kavanagh.

### Five Hundred Club.

Wednesday morning the Five Hundred club was entertained by Mrs. Hal S. Corbett, of North Eighth street, and it was a delightful gathering with Miss Laura January of Missouri as guest of honor. She is visiting Mrs. Eli G. Boone.

Seven tables were filled with players and the club prize of a beautiful vase was taken by Mrs. W. Armour Gardner, while the visitor's prize was taken by Mrs. James Campbell, Jr. A dainty Paducah souvenir spoon was presented to Miss January.

A delicious course luncheon was indulged in after the game by the members, who will be entertained this week by Miss Elizabeth Sinnott.

### SHAFT BROKEN.

Plunging Horse Fell and Snapped That Part of Rig.

The shaft of Mr. Clarence Vogt's wagon was broken yesterday afternoon by the horse falling while plunging around excitedly at Fourth and Kentucky avenues. The beast became frightened and while rearing up fell down and snapped the shaft. The vehicle was loaded with groceries, and had to be left while another rig was secured to take out the load, and the vehicle sent to the repair shop.

## NEW VOLUMES AT LIBRARY

### ELEVEN STANDARD WORKS RECEIVED FOR THE INSTITUTION.

Gradually There is Being Installed a Line of Works Superior to Any Seen Here.

The trustees for Carnegie library continue adding many fine new volumes to the supply of books on hand, the additional books being the latest by standard writers. As fast as the books arrive they are catalogued and put in the racks, the following now being ready for the public, and the most recent consignment received:

"The Professor's Legacy," Sedgwick; "Stars and Stripes and Other American Flags," Harrison; "Hygiene of Transmissible Diseases," Abbott; "Essay Concerning Human Understanding," Locke; "Literary By-Paths in Old England," Shelley; "Poems of Sidney Lanier," Lanier; "Socialism and Labor," Spalding; "Leaves of Grass," Whitman; "Vocal Faults and Their Remedies," Breare; "In Our Convent Days," Ropplier; "Degeneration," Nordau.

### COMPARISON OF STRENGTH OF WARRING REPUBLICS.

Guatemala has 1,800,000 population, Salvador 1,000,000, Honduras 700,000, Nicaragua 400,000, Costa Rica, 300,000.

Salvador, the smallest of the states, is the most densely populated. Costa Rica, the smallest in population, is the best governed of the states.

Salvador is financially in good shape. Nicaragua is next. Honduras has the distinction of owing \$103,000,000 abroad, three-fourths of this being interest, the country having failed for thirty-five years to meet its obligations.

Guatemala and Costa Rica have defaulted on their foreign interest for, respectively, two and six years. The standing army of Salvador in time of peace is between 2,000 and 3,000, but a much larger number have been kept on a war footing since the outbreak of hostilities. It is said that the republic can put 30,000 armed men in the field.

Nicaragua is much better equipped in arms and men and has a navy of six gunboats, which will put the Salvadorian and Guatemala ports at her mercy, neither of the latter possessing gunboats.

### NARROW ESCAPE GAVE HIM APPETITE.

The escape of Menon Freeman Charles Cooley, of New Albany, in the wreck at Greencastle last Wednesday, was almost miraculous. When the engine left the rails and began to topple over Cooley was putting shovel of coal into the furnace. The engine fell with his side of the cab down, and there was no possibility for him to escape. He braced himself and stuck to the engine until it had rolled down the bank. After it had settled he crawled out from under the monster without a scratch. He could not be found immediately after the wreck, and was thought to have been buried with his engine. In a few minutes he came walking down the track eating a big sandwich. He had gone to the depot restaurant, as soon as he found that no one was injured.—Louisville Post.

## Peace Conference

The Hague, June 15.—The second International Peace Conference, the call for which was issued by President Roosevelt on October 21, 1904, in response to the universal desire of the thinking people of the world that the influence of the first congress held here in 1899 might be strengthened and extended for the general peace, was formally opened this afternoon. During the next four weeks or more the attention of the world will be centered in this gathering of representatives of forty-six nations, the Arcopagus of the civilized Powers, assembled to consider the possibility of minimizing the dangers of war incident to the rapid growth of navy and military equipments.

The opening function took place in Knight's Hall, which forms a part of the Binnenhof, a medieval pile of buildings in the heart of the city, surrounding the palace built for Count William II. of Holland in the middle of the thirteenth century. The initial session was given over entirely to the exchange of greetings and the work of preliminary organization. M. Nelidoff, the Russian ambassador to France, called the conference to order and made an address extending his sovereign's greetings to the delegates. Dr. Jonkheer D. A. Y. van Tets van Goudrain, the Dutch minister of foreign affairs, replied in an address of welcome on behalf of Queen Wilhelmina. The conference then proceeded with the appointment of committees to consider the various subjects inscribed upon the program.

**Topics to be Discussed.**  
With the appointment of these committees it becomes thus of interest to note the topics suggested for discussion. They are as follows:

"Provisions relative to the peaceful settlement of international disputes by court of arbitration and international commissions of inquiry."

"Additions to be made to the provisions relative to the laws and customs of war on land; concerning the opening of hostilities, the rights of neutrals on land, etc."

"Framing a convention relative to the laws and customs of maritime warfare, concerning:

"Special operations of maritime warfare, such as the bombardment of ports, cities and villages by a naval force, the laying of mines and torpedoes, etc."

"The transformation of merchant vessels into warships."

"The protection of the private property of belligerents at sea."

"The length of time to be granted merchant ships for their departure from ports of neutrals or of the enemy after the opening of hostilities."

"The rights and duties of neutrals at sea, among others, the question of contraband, the rules applicable to belligerent vessels in neutral ports, destruction, in cases of visit major, of neutral merchant vessels captured as prizes."

"Additions to be made to the convention of 1899 for the adaptation to maritime warfare of the principles of the Geneva Red Cross convention of 1864."

The government of the United States has reserved to itself the liberty of submitting to the second conference two additional questions, viz., the reduction or limitation of armament and the attainment of an agreement to observe some limitations upon the use of force for the collection of debts arising out of contracts.

The Spanish government has expressed a desire to discuss the limitation of armament, reserving to itself the right to deal with this question at the conference.

The British government has given notice that it attaches great importance to having the question of expenditures for armament discussed at the conference, and has reserved to itself the right of raising it. It has also reserved to itself the right of taking no part in the discussion of any question mentioned in the Russian programme which would appear unlikely to produce any useful result.

Japan is of opinion that certain questions that are not especially enumerated in the programme might be conveniently included among subjects for consideration, and reserves for itself the right to take no part in or withdraw from any discussion taking or tending to take a trend which, in its judgment, would not be conducive to any useful result.

The governments of Denmark, the Netherlands, Greece and Bolivia have also reserved to themselves, in a general way, the right to submit to the consideration of the conference other subjects similar to those that are explicitly mentioned in the programme.

Italy is disposed to widen as much as possible the functions and competence of the arbitration tribunal, and further limit the questions affecting the "honor and vital interests" so much discussed in 1899, which have to be excluded from arbitration.

**Question of Permanent Court.**  
The Argentine proposal, which is to be laid before the conference, looking to the holding of a third international conference in Buenos Ayres, in 1910, will, it is expected, result in bringing the conference face to face with the American proposition to give the conference permanency and provide for periodic gatherings.

A programme drawn up by the International Union for the Arbitration will be presented

by Richard Bartholdt, one of the American delegates. The program, in addition to proposing the permanency of the conference, contains a draft of a model arbitration treaty which provides that concerning a certain number of specified questions arbitration shall be obligatory. In other words, it provides that The Hague court shall have jurisdiction. These questions are ones of minor importance which arise from time to time between nations.

**Personnel of the Conference.**  
In order to judge rightly of the possibilities of the conference it is well first to know something of the men taking part.

The president of the Russian delegation is M. A. J. Nelidoff, ambassador to France and one of the most able men in the diplomatic service of the czar. A more urbane and genial president it would be impossible to find, and it is expected that, with his vast experience and well known desire for the success of the peace plans of his master, he may succeed in accomplishing at least some of the aims which the leading statesmen of Europe have before them. Next to M. Nelidoff the most prominent member of the Russian delegation is Prof. F. de Martens, privy councillor of the ministry of foreign affairs. Prof. Martens was president of the international tribunal which settled the vexed question of the Venezuelan frontier, and he is regarded as one of the greatest authorities on international law in Europe. M. Nelidoff and Prof. Martens are assisted by M. Tharvoff, the Russian minister at The Hague; M. de Prozor, Russian minister to the Argentine Republic and Brazil; Major General Yermoloff, the military attaché at London; Colonel Michelsson, the military attaché at Berlin; Captain Behr, the naval attaché at London, and Col. Ovtchinnikoff, professor of international law at the Russian naval academy.

In Sir Edward Fry, formerly lord justice of appeals and member of the permanent court of appeals at The Hague, Great Britain has a distinguished and able representative who has always acquitted himself as a minister of peace. He was born in 1827, and is probably the doyen of the conference. Sir Henry Howard, K. C. M. G., minister at The Hague, is the principal colleague of Sir Edward Fry. He has been over forty years in the diplomatic service, his first appointment being as attaché at Washington in 1866. He was attached to the Joint High Commission of 1871 to consider questions affecting the relations of Great Britain and the United States. He was one of the British delegates to the first Hague conference. The other British representatives are Sir Ernest Mason Satow and Lord Reay. Sir Ernest is a diplomatist of wide experience and since 1900 has represented Great Britain at Peking. Lord Reay is a native of Holland, but has been a British subject for thirty years. He has served as rector of St. Andrews university, as Governor of Bombay and as Under-Secretary of India. He is now president of the Royal Asiatic society.

**The German Delegation.**  
The German delegation is composed of Marshal von Bieberstein, ambassador to Turkey; Dr. Kriege, councillor of the imperial foreign office on international law; Vice-Admiral Seigel, naval attaché at Paris, and Professor Zorn of Bonn university. Marshal von Bieberstein has a great reputation and wide experience. By many he is regarded as the leading diplomatist of Germany, and there can be no doubt that the position at Constantinople demands a man of brilliant intellect and great resources. Dr. Kriege is not very well known outside of Germany, but at home he has a great reputation as an authority on international law. These two have an able assistant in Professor Zorn, who has been styled a walking encyclopedia of international law. He was one of the German delegates to the first international peace conference.

M. Leon Bourgeois, leading the French delegation, is a former premier of the republic, and perhaps the most trusted leader of the French radicals. Although the feeling in France, in view of the German appointments, is opposed to any very definite measures, her choice has fallen upon a man who would favor peace rather than war. His principal colleague is Baron d'Estournelles de Constant, who paid a recent visit to the United States to attend the peace conference in New York. In connection with D'Estournelles, it should not be forgotten that during the Fashoda crisis he kept a clear head and counseled moderation and peace. In addition to M. Bourgeois and Baron D'Estournelles France is represented by ex-Ambassador Decret and Louis Renault, one of the permanent representatives of France on The Hague arbitration tribunal.

Italy is represented by Count Terneilli-Busati di Vergano, ambassador to France, and Deputy Guido Pompili, Under-Secretary of foreign affairs and the Duke de Calvello, minister to The Hague. The naval and military experts of Italy are Admiral Calandri and General de Robilant.

The delegates from Austria-Hungary are Privy Councillor Merrey von Kapasmer, Baron von Macchio and Prof. Heinrich Lammasch, with Rear Admiral Haus and Major Gen. Baron von Gieslingen as the technical delegates.

The Spanish government has appointed Conde de la Martera, Gabriel Maura, son of Premier Maura, and Senor W. R. de Villa de Urutia as its representatives at the conference. The delegation from Portugal is headed by Senor Beirao, former minister of foreign affairs.

The Danish representatives are Constantin Brun, minister to the United States, Rear Admiral Scheller and M. A. Vedel, chief of the bureau of consular affairs in the foreign office. The Norwegian government has designated as its sole representative Dr. F. Hagerup, minister to Denmark. Dr. Hagerup is a statesman of the first rank, a diplomatist and a scholar.

Japan, which will have an important part in the conference, has sent a distinguished delegation that includes K. T. Sutsuki of the foreign office; Amano Sato, minister at The Hague, who was an adviser at the Portsmouth peace conference; Rear Admiral Shimamura and Henry W. Denison, American adviser of the foreign office. There are in addition several naval and military attaches.

Sweden, Switzerland, Bulgaria, Roumania and Turkey, among European countries, are also represented. One of the noteworthy features of the attendance is the representation of several of the South American republics, none of which participated in the first Hague conference. The best known of the South American delegates is the Argentine representative, Luis M. Drago, former minister of foreign affairs and the author of the Drago doctrine, which will be brought forward by the United States. Brazil and Chile, as well as Argentina, have sent delegates to the conference.

Mexico's representatives are Gonzala A. Esteve, minister to Italy; Sebastian Mier, minister to France, and Francisco L. de la Barra, minister to Belgium and Holland. The delegates from Cuba are Senor Quesada, minister to the United States; Gen. Orestes Ferrara, an eminent lawyer, and Gen. Garcia, son of Gen. Calixto Garcia. Hayti and the Panama republic are also represented.

**The American Delegation.**  
Joseph H. Choate, heading the delegation from the United States, is well known to all English-speaking people. His service as ambassador to Great Britain is still fresh in the public mind, and he has been prominent for his advocacy of international arbitration, especially between England and America. In Gen. Horace Porter Mr. Choate has a most distinguished and able colleague. Gen. Porter was the United States ambassador at Paris for eight years. He has the reputation of being an extremely capable diplomatist, and he is universally respected, not only for his ability, but also for the genial and urbane manner which characterizes his personal dealings with the representatives of other powers.

David Jayne Hill, U. M. Rose and William I. Buchanan make up a trio of other distinguished American delegates to the conference. Dr. Hill has served as assistant secretary of state at Washington, and as minister of the United States to Switzerland and the Netherlands. Before entering the diplomatic service he was the president of Bucknell university and later of the University of Rochester and is regarded as one of the best authorities on international law and diplomacy. Judge Rose, who comes from Arkansas, has the reputation of being one of the ablest lawyers in the United States. He has served as president of the American Bar association, the highest honor within the gift of the legal fraternity, and is the author of numerous articles on American and European jurisprudence. William I. Buchanan is a diplomatist of long experience and is perhaps the best posted man in the service of the United States with regard to Central and South American affairs.

The American delegation includes also Brig. Gen. George B. Davis, judge advocate general of the United States army; Rear Admiral Charles S. Sperry, president of the naval war college, and Chandler Hale, James Brown Scott and Charles Henry Butler as attaches.

**Knights Templar Saratoga Trip.**  
The trip prepared by Paducah commandery to Saratoga, N. Y., July 6, to attend the grand encampment of the United States will be one of the best ever taken out of Paducah. Two Pullman cars have been engaged and the entire Walworth Mansion at Saratoga secured. The most of the party will take the round trip, including Niagara Falls, the Hudson river by daylight, New York, Philadelphia, Washington, Jamestown via Chesapeake Bay and then home. A hundred dollars will pay every cent of necessary expenses for the entire trip. The invitation to join this trip has been extended to everyone interested, whether they are connected with the Masonic fraternity or not and there will be a large number of ladies in the party. Itineraries are now ready and can be obtained from any of the committee, Edgar Whittemore, Fred Acker, Harry R. Hank or F. M. McGlathery, and any other special information desired concerning the trip will be gladly given.

The fool may lose his reason and still be happy to think it wasn't his voice.

## An Independent Ticket.

Throughout the city yesterday the sentiment for an independent city ticket took on new life and hundreds of people are outspoken for a new deal entirely, from top to bottom.

The dissatisfaction with the democratic ticket, instead of subsiding, seems to grow stronger and to spread more. At the city hall many of the officials are outspoken for an independent ticket and the indications are such that an organized effort in that direction may be launched.

The people of Paducah are disgusted with the fact that the corporations and other interests control the nominations in both parties, and the only way to overcome that gang is for the people to wipe out party lines and all join in the election of an independent ticket and in that way put the so-called party leaders out of business. It is a notorious fact that the element that is waxing rich off of the people through the public utilities, the disreputable dives and lawless saloons, and enemies to organized labor, actually control the nominations in both parties and as a consequence they are certain to get their tools into office, no matter which party wins.

In the news columns of this issue is published a card from Mr. James P. Smith, who has been prominently mentioned as a republican candidate for mayor, and in which he declines to permit the use of his name in that connection, giving as his reasons that his business interests are such that he cannot afford to make the race or to accept the office if he was elected. Of course his reasons must be accepted, yet there are those who are posted on the political situation in this city who believe there are other reasons for Mr. Smith refusing to enter into the race. He has large business interests, in fact about the largest in the city, yet rumor has it that he well understood the sacrifices he would have to make some weeks ago when he was urged to become a candidate and looked upon the matter with a degree of favor. His candidacy was so well received that many democrats had openly avowed their intention to vote for him, and he looked like a winner. When, presto! change, he concludes to drop politics and leave the field to other aspirants. Some of the knowing ones are not a bit backward in saying that in their opinion the gang that has profited so much by politics in this city wanted some pledges as to his future course and that he flat footedly refused to be handicapped or dictated to in the slightest degree. Whether this was really Mr. Smith's experience we are not in a position to say and like many others accept the reasons given in his card, but if he was not "felt out" by that gang then he is the first man who looked like he was in the race that they overlooked.

That gang is pretty shrewd. They do not come out openly and make any demands. Oh, no. They simply have some of their agents or tools to feel around and see how a candidate stands, and if he is outspoken on anything that does not suit them he is quickly told that his position on certain questions or his failure to assure a certain element on certain subjects will lose him many votes, and they begin to send their friends to such candidates and tell them they cannot win. The messengers will tell the candidates that they are for him, but would hate to see him defeated. This species of "knocking" is kept up

until after a while a self-respecting man becomes disgusted and concludes to step aside.

With Mr. Smith out of the way it is said that the republican nominee for mayor will be either Alderman Chamblin or Alderman Palmer. Both are ultra-corporation men and their refusal last year to permit the citizens of Paducah to vote on the question of issuing bonds for a water and light plant shows that any petition from the people that did not suit them would receive scant consideration. By their votes at that time they showed that they considered themselves the masters of and not the servants of the people. The people of Paducah will not vote for those men, and the republicans had just as well put that in their pipes and smoke it. As members of the general council it was their duty to let the people express themselves, but the franchise grabbers did not want the people to be heard and Messrs. Palmer and Chamblin by their votes carried out the wishes of the Boston capitalists who are now charging the citizens of Paducah the highest prices ever known in this city for electric lights and power. Those men by their votes prevented the citizens of Paducah from freeing themselves from the grasp of a soulless monopoly and it has been the means of forcing thousands of dollars from the pockets of the citizens of Paducah into the pockets of the Boston crowd. Yesterday we published in these columns the figures that in Duluth, Minn., where that city owns the gas plant, that consumers pay 50 cents per thousand feet for fuel gas and 75 cents for illuminating gas and here in Paducah we pay the Boston capitalists \$1.00 for fuel gas and \$1.50 for lighting purposes or one hundred per cent more than Duluth consumers pay. We also published that at Paris, Tenn., where the city owns the lighting plant the consumer pays 20 cents per month for electric lights and here in Paducah we pay from 80 cents to \$1.00, or from four to five times as much. Messrs. Chamblin and Palmer are partly responsible for this state of affairs, and yet, according to reports in republican ranks they aspire to be mayor of Paducah.

The people of this city must get together and fight for their rights. They must throw off the party yoke, for both parties are dominated by the corporation interests—the whiskey interests and the element opposed to organized labor.

Who is the man or set of men who will take the lead and stand for the welfare and upbuilding of Paducah, morally, commercially and every other way? We have been held in subjection long enough by those powers and as American citizens it is time for us to sound a call to arms and go into the fight to win and no longer suffer this city to be controlled by an element that is sapping the very life blood from it.

We wish to ask the good citizens of Paducah who it is that stands behind the lawless saloons and dives of this city and have done so much to make this city notorious a san immoral city? The answers will be a few whiskey dealers, a banker or two, and the corporation crowd.

We wish to ask the members of organized labor who it is that is doing all in their power to break down their organizations and to demoralize the unions? The answer will be the same few whiskey dealers, the same banker or two and the same corporation crowd.

We wish to ask the users of gas and electricity and those who believe in municipal ownership who it is that stands in the way of the people to get relief and who controls the general council and grows richer and richer each day by keeping the people from mowning the public utilities? The answer will be the same few whiskey dealers, the same banker or two and the same corporation crowd.

Now we wish to ask the three elements how much longer they are going to stand idly by and be governed by that gang? Why not let the moral element, the organized labor people and the advocates of municipal ownership get together and join in redeeming the city from the clutches of men who have nothing but their own selfish purposes to serve? It can be done. It is done in other cities and can be done in Paducah.

We again ask who is the man or

set of men who will take the lead? There are hundreds of voters ready and anxious to vote and work for an independent ticket. Four years ago without any organization whatever an independent ticket polled over 700 votes and one would poll over a thousand votes today. The fight is coming and those who have the welfare of the city at heart had just as well take it up now as later on.

## The Schmitz Case.

Mayor Schmitz has been convicted and is now in jail. The courts are not through with him yet for there are twenty odd indictments yet to be tried. There can now be no doubt but what Schmitz is a grafter and a thief. It was unfortunate for him and unfortunate for San Francisco that he was ever elected mayor. If he was an honest man when he went into office he did not have the moral courage to withstand the temptations placed before him. We do not believe that Schmitz was an honest man before he was elected, for just as soon as he was in the mayor's chair he began trafficking in the rights and privileges of the office, levying tribute upon the immoral resorts and for pay he used his high office to protect the criminals. He fell an easy victim to the wiles of the rich capitalists and seekers for franchises. He used his office for his own personal benefit and took bribes by the wholesale and no doubt worked a graft on every appointment at his command, and today he occupies a felons cell and enjoys the contempt of all honest men.

Had many of the people who voted for him taken the pains to investigate closely his true character, habits and reputation they would never have voted for him. All over the country are men like Schmitz who seek to get into public office with no object in view other than to indulge in graft and bribe-taking, expecting to cover their tracks so well as to escape exposure and conviction. Schmitz figured that he was smart enough to violate his oath of office and his crimes never brought to light, but he was mistaken, and he is now behind the bars.

Every city should learn a lesson from San Francisco's experience with Graftor Schmitz and steer clear of any candidate with a tainted reputation. Men who graft in small offices are itching to get into a larger field to ply their nefarious calling. A grafter is a natural born thief and it behooves every city to take no chances with such men. To elect them means to rob the people and eventually to land such men in prison. A grafter will promise all things to all men, so as to get an office, and then straightway trample their oath of office under foot. Their election is an encouragement to all of their ilk and means to turn the city's government over to the criminal class.

## IMPERSONATES DYING MAN TO GET INSURANCE; HELD.

### Louis Sipocz Accused of Working Game on Risk Insurance.

South Bend, Ind., June 14.—Charged with impersonating a man nearly dead with tuberculosis, and taking an examination for a \$2,000 life insurance policy, Louis Sipocz is under arrest here. Sipocz, it is alleged, conspired with Steve Toth to defraud the insurance company, and under name of Stephen Farawas was examined by the company's physician, was accepted as a good risk and given a policy, which, it is now claimed, was turned over to Toth, the latter paying the premium. Toth at the time was caring for Farawas at his house. A short time after the policy was issued Farawas was removed to St. Joseph's hospital, where he died, after having made a statement that he had no relatives, and that he carried no insurance on his life. This led to an investigation when application was made for the insurance. Toth has not been arrested.

## ANTI-KISSING WIFE'S AFFECTIONS VALUED AT \$1 BY COURT

Husband Who Says Another Filched Caresses Demanded \$10,000 Balm.

St. Louis, June 14.—The affections of a woman who did not kiss her husband in two years, and who said her husband did not kiss her, were valued at \$1 by a jury in circuit Judge McDonald's court yesterday.

A verdict for that amount was awarded Julius Heinis, of No. 4828 Easton avenue, in his suit against Frederick J. Voepel for \$10,000 damages, charging alienation of the affections of his wife, Anna. Voepel kept a meat shop at No. 4874 Easton avenue, and boarded

with Heinis and his wife. He denied yesterday that he influenced Mrs. Heinis to leave her husband and sue for divorce. Her case has been tried and is held under advisement by Circuit Judge Shields.

## \$5,000 BAIL FOR LEVERING.

Louisville, Ky., June 15.—Judge Pryor this morning granted the motion of Charles G. Levering's attorneys to admit him to bail in the sum of \$5,000. Levering is under indictment for the alleged poisoning of his wife.

Commonwealth's Attorney Huffaker said if this was a bailable offense, the prosecution had no case.

## "HUMAN CANNON BALL."

### Surprise for Youngster Who Tried to Hide in an Old Spring Motor.

New York, June 14.—Young Henry Remsen was playing hide and seek near his home, in South Norwalk, Conn., yesterday and hid in one of the old spring guns, or mortars, once owned by P. T. Barnum, the showman.

He had hardly gotten himself comfortably fixed when he suddenly shot up in the air and landed in an apple tree nearby. He was bruised, but not seriously hurt.

The mortar responsible for Remsen's flight was one which Barnum used in his old "Human Cannon Ball" act. George L. Britton obtained the mortar and has used it as an ornament on his lawn. The boys in the neighborhood have used it for years as a plaything, but none of them heretofore had touched the powerful spring hidden in it.

A Town 200 Years Old. New Milford, Conn., June 15.—During the next four days the town of New Milford is to celebrate the 200th anniversary of its settlement. The celebration is to be on much the general plan of an old home week, but with more elaboration. For a year the citizens have been preparing for the event, and their efforts promise now to result in one of the most notable celebrations of its kind ever held in Connecticut.

## SADDLERY CO.'S NEW BUILDING

MR. ISADORE KLEIN AWARDED THE CONTRACT FOR STRUCTURE.

Mr. P. E. Stutz Now Moving His Candy Factory from Second and Jefferson to 4th and Jefferson.

Mr. Isadore Klein and his associates in their leather working company yesterday awarded the contract for the huge building they will have constructed at Cairo for use of their plant, the brick work being secured by Contractor George Katterjohn of this city, and the woodwork by a Cairo contractor. Work of erecting the structure will start right away, the entire cost of the building being something like \$20,000.

Mr. Klein and his partners bought the old Paducah Saddlery company of Fourth and Jefferson streets when that firm went out of business several months ago, and they are holding the stock and machinery here until the building is done in Cairo, when they will move the plant there for operation.

## TESLA MARTIAN TOWER IN HANDS OF N. Y. SHERIFF

New York, June 14.—Because Nikola Tesla propounder of a theory of communication with Mars, has failed to satisfy a judgment of \$1,108.20, the mysterious tower at Wardencliffe, L. I., has been advertised for sale by Sheriff Wells, of Suffolk county.

Mr. Tesla has expended a fortune upon his electrical experimental works in Wardencliffe, whose purposes he has kept to himself.

Only his closest friends were permitted to get within seeing distance of his "wonder tower," as the huge structure of steel and cement was called, and no one appears to know exactly what it was intended for.

That it was to be used to demonstrate his theory of communicating with the Martians is popularly believed.

They separated without striking any blows, but met again later in the day, when the quarrel was renewed, which resulted in the shooting. Both are well known young men and the killing has caused much regret.

**REORGANIZE BOARD.**  
Directorate for Riverside Hospital Will Be Called Together.

Mayor Yeiser will call the board of directors for Riverside hospital together sometime next week for purpose of organizing the body now that two new members are on the board. Dr. F. Boyd was secretary of the board but Wednesday night Dr. J. G. Brooks was elected a director to succeed Dr. Boyd, hence the directorate will have to name the new secretary, and also shape up its committees anew. Dr. W. C. Eubanks was Wednesday elected to the board, taking the place of Dr. H. P. Sights.

The board has not met for several months now and several matters have accumulated for them to consider.

Tracey left his wife, who is Champion's sister, and went to living in a tent with a woman named Grace Browning. Champion told Tracey and the woman to leave, when Tracey fired at him. Champion responded, killing Tracey. The Browning woman then tried to shoot Champion, when the latter killed her also, and then surrendered to the officers.

**NEW RATE LAW EFFECTIVE.**

St. Louis, Mo., June 14.—Tomorrow is the date fixed for the new maximum freight rate law and the 2-cent passenger fare enacted by the last session of the Missouri legislature to become effective. The railroads are expected to contest the validity of the new law, but Attorney General Hadley is of the opinion that the courts will sustain the power of the state board to enforce the new rates. The new maximum freight rate law repeals its entirety the similar act of 1905, against the enforcement of which an injunction was recently issued by the federal court at Kansas City.

**FISHING PARTIES.**

Large Crowds Out at the Lakes Enjoying Themselves Now.

Now that warm weather is on, many fishing parties are dishing themselves to the lakes for an outing at angling, and all report that the fish are biting fine. Messrs. George Holliday, John Farley, George Fielder, Bell Gardner returned yesterday morning from Shenwell's landing, up the Ohio river, where they have been for the last week on a fishing jaunt. Messrs. Gus Smith, Dick Holland, Drs. Phil Stewart, Horace Rivers and others have returned from a stay at Turner's Lake.

## BUILD HUGE SKATING RINK AND AUDITORIUM

HON. HAL S. CORBETT PURCHASED TENTH AND BROADWAY PROPERTY FOR HIS CLIENTS WHO WILL CONSTRUCT MAMMOTH BUILDING THAT WILL BE USED AS SKATING RINK DURING WINTER, AND FOR PUBLIC AUDITORIUM PURPOSES THROUGHOUT THE BALANCE OF THE TIME.

Mr. Hal S. Corbett was asked by a reporter of the Register, if he cared to state what use was going to be made of the property he purchased as trustee, situated at the corner of Tenth and Broadway. In response, Mr. Corbett stated that he had purchased the ground for some clients of his, who intend to build one of the largest skating rinks in the south. That he understood his clients were going to erect a building 85 feet in width, and not less than 200 feet in length, that it would have all the modern appliances and improvements of every kind.

Asked when work of building would begin, he stated that as soon as the differences between the carpenters and the contractors were settled here, his clients would begin work. He also says that the building will certainly be constructed by Union Labor, and that his clients intend to expend between \$20,000 and \$25,000 in giving Paducah one of the highest class places of amusement it has ever had. The music which is to be installed in the building, will be quite an item of cost, as the promoters of this place of amusement will spare no money to make it all the public desires.

The floor will be of the finest quality of hard wood. During the summer months when the place is not used as a skating rink, it will be one of the most attractive places in the city.

## MONEY ORDER POSTOFFICES

NUMBER OF POSTOFFICES  
USING MONEY ORDERS MATERIALLY INCREASED.

Order Issued by Postmaster General Meyer Recommends Important Legislation Along That Line.

Washington, June 15.—Of the 64,000 postoffices in the country, at any one of which registry business may be transacted, only 38,000 (inclusive of 4,000 stations) are authorized to do a money order business. While doubling the feasibility of extending money order facilities to all postoffices, Postmaster General Meyer, to meet as far as practicable the needs of the business public and promote its convenience in the transmission of money through the mails, today issued the following order:

"In furtherance of the aim of this department to promote public convenience it has been decided to materially extend the advantages now offered by the postal money order system as a means of safely transmitting money through the mails, by the establishment of money order service at many postoffices not now authorized to transact such business. Recognizing the fact that there is a demand on the part of the public for this extension, the department expects to be aided in carrying out its policy in this respect by the earnest co-operation of its employees and of postmasters and all others connected in any way with the postal service.

"Power to establish money order business at postoffices is by law in the postmaster general, who will consider the interests of the public in the exercise of his discretion as to which postoffice shall issue and pay postal money orders."

It is the intention of the postmaster general to extend money order facilities in the immediate future to many thousands of offices, his belief being that they will be beneficial alike to the department and to the people.

Postmaster General Meyer will recommend to the next congress that legislation be enacted providing for the introduction of postal notes for sums not exceeding \$2.50, or perhaps \$5, which may be issued without the filing of a written application or the sending of an advice and be obtainable, not only at all money order offices, but at many of the smaller postoffices where it may not be feasible to issue money orders."

**Move Candy Factory.**  
Mr. P. E. Stutz yesterday commenced moving his candy factory from the old quarters at Second and Jefferson streets, to the buildings formerly occupied Fourth and Jefferson by the Saddlery company. It will take several days to complete the removal.

Mr. Albert Liebeling of Akron, O., has arrived here to take the position of manager for the Bauer pottery on North Seventh near Trimble street.

## KNIGHTS ARE COMING STRONG

IMMENSE DELEGATION TO  
BE HERE FROM OUTSIDE  
CITIES.

The Paducah Council Rapidly Building Up Into One of the Largest Bodies in the State.

Telegrams from Morganfield yesterday stated that a delegation of fifty Knights of Columbus would arrive here from that city this morning upon the steamer Joe Fowler for the purpose of attending the big meeting of the Paducah knights who will initiate a class of fifty applicants. This is quite a large delegation from Morganfield, while Cairo will run a special train here over the Illinois Central railroad for convenience of the knights coming from there. The train gets in about 9 o'clock this morning and goes back tonight about 12 o'clock, bringing about fifty brethren from that city.

Altogether about 150 outsiders are expected and the session will be one of the largest ever held by the Paducah council that is fast growing into an immense subordinate body, as this is the second time within the past eight months that they have met here for the purpose of admitting classes of fifty applicants.

The brethren will all attend mass at 10:30 o'clock this morning at St. Francis de Sales.

## SMOKE GOOD CIGARS

Good cigars are not all imported.

Imported cigars are not all good.

However, every cigar we keep—whether imported or domestic—is a good, satisfaction-promoting smoke.

## PITILESS FATHER KILLS HIS SON AFTER FATALLY SHOOTING HIS WIFE.

Ironton, O., June 14.—One of the most horrible tragedies ever enacted in this section of the state took place on Symmes' creek at about noon today, when Charles Shafter shot his wife, her mother and his little 8-year-old boy, the latter being instantly killed, while Mrs. Shafter died about an hour later. Her mother, Mrs. Thacker, will recover. Family trouble is given as the cause of the shooting, and back of that is a long story, of cruel and brutal treatment.

At noon today the passions of the man seemed to burst out in inhuman form, and the killing then took place. Mrs. Shafter was formerly a school teacher. Shafter seduced her, and was compelled to marry her.

For five years they lived apart, but he promised to do better, and reconciliation was affected. Today he whipped his wife cruelly, and a constable arrested him. He was released on bond and returned to his wife's mother's home, and after knocking her down, drew his revolver and began shooting.

After shooting the woman, the little 8-year-old boy begged pitifully to be left with his mother, but the inhuman father dragged him away, up the hillside to the nearby woods, then placing the revolver against his head, blew out his brains. Afterward he shot him through the heart, and building a fire attempted to burn the body.

Shafter is a large, but is being hunted by a hundred men with blood hounds. He will be lynched if caught. His wife and mother, Mrs. Shafter, are among the best people but Shafter has always been regarded as a dangerous citizen.

Christian County Rejects Offer Which Locates Delivery in Chicago.

Hopkinsville, Ky., June 14.—The \$100,000 worth of Christian county thirty-year bonds, with twenty-year option, bearing 5 per cent. interest, payable semi-annually, which were offered at auction June 4, and which were bid in that time by N. W. H. Rollings & Sons of Chicago, for a premium of \$7,750.

The bonds were to be issued and begin bearing interest from July 1, and are to be \$1,000 each. The new purchaser agrees to accept them here, and to make all future redemptions here.

## Archbishop's Birthday.

St. Louis, Mo., June 14.—Most Rev. J. J. Glennon, archbishop of St. Louis, was forty-five years old today, and many were the messages of congratulation received at the archiepiscopal residence from all over Missouri and Kansas, which states come under the jurisdiction of the St. Louis prelate.

Archbishop Glennon has the distinction of being the youngest member of the Roman Catholic hierarchy in America. Born in Ireland in 1862, he received his education in Dublin, and was ordained a priest in 1884. Immediately after his ordination he came to the United States and became assistant pastor of St. Patrick's church in Kansas City. In 1896 he became coadjutor bishop of Kansas City with the right of succession. In 1903 he came to St. Louis as coadjutor to Archbishop Keen, whom he succeeded on the latter's death.

## GRAY WOLF IS CAPTURED IN CHICAGO; NO BOUNTY

Animal is Caught With Wire Lasso on Prairie Lot.

Chicago, June 14.—Tony Canepa, a young man living near Artesian avenue and West Ohio street, caught a wolf last Monday on the prairie near his home, and yesterday he asked for a bounty at the county clerk's office. The law provides that the county may make an appropriation for bounties to be paid for the "scalps of wolves, having the ears attached," but the county board has made no such appropriation. Moreover, the wolf is still alive, and Tony wanted the bounty without severing the scalp. All these complications have rendered it improbable that the bounty will ever be paid. The wolf is a gray wolf and was caught by Tony with a wire contrivance similar to the wire lassos used by the dog catchers.

## COUNTY AND STATE TAXES

SHERIFF JOHN OGILVIE WILL HAVE BOOKS READY SOON.

City Treasurer John J. Dorian Continues Collecting Municipal Taxes—Expects Rush Next Week.

Sheriff John W. Ogilvie and his deputies will have his books finished by next Wednesday so that everybody owing county and state taxes can pay them whenever they want to after that date. For several weeks past the deputies have been figuring up how much everybody owes as taxes, filling the amount in on the receipts and getting all the papers in condition so that when one comes in to pay, all the sheriff will have to do will be to sign his name to the receipt, pass it out to the property owner and take in the money.

The people have until next fall in which to pay their county and state taxes before the penalty goes on. The sheriff has about \$125,000 to collect before everything is in.

City Treasurer John J. Dorian continues collecting the municipal taxes from property owners, from whom there is due this month the first half of this year's taxes. He has received for nearly \$10,000 already, and will not entertain much of a rush until next week as it seems everybody waits until the last moment before paying up. Those who have not paid by one week from the coming Saturday will have the penalty and other costs added to their bill.

## Taft in South Dakota.

Sioux Falls, S. D., June 15.—Secretary Taft spent several hours in this city this morning on his way to Fort Meade. The announcement that Gov. Crawford and Senators Gamble and Kittredge have been invited to confer with the Secretary of War at Fort Meade tomorrow has caused considerable speculation in political circles. Secretary Taft, however, denies that the invitation possesses any political significance. From Fort Meade he will proceed Sunday night to Fort Leavenworth.

The secretary has recovered from his sudden illness of Friday.

BROTHER OF REV. HAWLEY IN FULTON LOOKING INTO MATTER.

W. W. Meadows Claims Preacher Promised to Give Him Certain Letters, and Deputy Sheriffs Have Returned.

It begins to look as if well known citizens of Fulton will be heavily sued for the part taken in the cowhiding several nights ago of Rev. Frank Milton Hawley, the Presbyterian minister, whom it was claimed, was too attentive to Mrs. W. W. Meadows. Dispatches from Fulton yesterday said:

"It is rumored that the Rev. Frank Morton Hawley, the Presbyterian minister who was cowhided in this city early Tuesday morning, will file damage suits aggregating \$50,000 against persons who participated in the affair. Oscar Hawley, his brother, who arrived here yesterday, left this morning for Holly Grove, Ark. He was shown every courtesy possible by Fulton citizens. He was in consultation with Mrs. Meadows and her attorneys yesterday afternoon at the home of Mrs. L. S. Phillips. Neither Mr. Hawley, Mrs. Meadows nor her lawyers were aware of the Rev. Hawley's whereabouts until informed by a reporter that he was in Holly Grove, Ark. He (Hawley) has taken charge of the Presbyterian church in Holly Grove, and is boarding at the home of one of that town's richest and most influential citizens. None of the 600 inhabitants of the little Arkansas town is aware of the experiences through which the quiet, dignified young preacher has just passed. It is alleged that Oscar Hawley was called to Fulton by a telegram from Mrs. W. M. Meadows, in which she said it was not possible for her to protect his brother.

Deputy Sheriffs Walker and Robertson returned to Fulton yesterday from Holly Grove, Ark., where they followed the Rev. Frank Morton Hawley, to get letters promised W. W. Meadows on the night of the preacher's reception here with a cowhiding."

## Origin of Barbed Wire.

"The luckiest invention in history," said a patent official, "was that of barbed wire." It came about by accident.

Isaac L. Elwood was the inventor of barbed wire. In his youth he lived in DeKalb, Ill., and having a neighbor whose pigs trespassed on his garden, he put up one day a wire fence of his own make. This fence had barbs and points on it; it was queer and ugly, but it kept out the pigs.

"It was a real barbed wire fence, the first in the world, and there was millions of more in it, but young

Elwood and his friends laughed at its freak appearance.

"One day two strangers saw the fence, perceived how well it kept out the pigs, realized how cheap it was, realized, in a word its value and ordered several tons of it from Elwood.

Further on, they contracted to sell for a term of years all the barbed wire he could produce.

"Elwood borrowed \$2000 and set up a little factory. A few years later he had paid back that loan, and was worth a small matter of \$15,000,000 besides.—New York Press.

## NO NEED FOR DIPLOMATIC ACTION

Tokio, June 15.—(Evening)—It has been learned that Foreign Minister Viscount Hayashi, at a conference on the American question held yesterday the elder statesmen and ministers announced that the last incident reported in connection with the attacks upon Japanese residents in California was not grave enough to warrant diplomatic action. The views of both governments are fully in accord, and the trust is expressed that the Federal government at Washington will furnish a speedy solution of the question at issue.

Jefferson City, Mo., June 15.—All the laws passed by the recent session of the Missouri general assembly go into effect today. One of the most important of the new statutes is that aimed to suppress bucket shopping. The act outlaws every grain or stock concern in which the commodity, or the shares, are not actually in the hands of the seller at the time of sale and actually delivered to the buyer. Another important law is that which provides that no domestic life insurance company shall pay any salary or emolument to any officer or other person in excess of \$5,000 per annum unless such payment has first been authorized by the board of directors, and it further provides that any company paying salaries in excess of \$5,000 per annum to any one person shall not be licensed to do business in the state. Among the other new statutes of importance are the maximum freight rate law and the 2-cent passenger fare act.

For Wesley Memorial Church.
